Call for Paper

The Eleventh Workshop on Genome Informatics GIW2000
December 18-19, 2000 Garden Hall, Yebisu Garden Place, Tokyo, Japan
http://www.hgc.ims.u-tokyo.ac.jp/giw

Organized by
Human Genome Center, The University of Tokyo

Sponsored by
"Genome Information Science" (MESSC, Japan)
Japanese Society for Bioinformatics (JSBi)

Topics
The Eleventh Workshop on Genome Informatics (GIW 2000) focuses on Genome Informatics, including, but not limited to, the following areas related to Genome Science: genome database, unified database, knowledge extraction from literature, knowledge discovery and data mining from databases, sequence analysis, comparative genomics, motif extraction and search, multiple alignment, phylogeny tree, linkage analysis program, gene structure and function prediction, protein structure and function prediction, gene expression profile analysis, pathway analysis, proteome analysis, gene network analysis, systems for supporting experimental works (mapping, sequencing, primer design, etc.), simulation of biological system, DNA computing, artificial life, which are overall related to Genome Science.

Paper Submission Guidelines http://giw.ims.u-tokyo.ac.jp/giw2000/

Paper Deadlines
August 31, 2000 Paper submission deadline
October 30, 2000 Final version deadline
October 6, 2000 Notification of acceptance/rejection

Poster/Demo Deadlines
October 10, 2000 Poster/Demo submission deadline
October 31, 2000 Notification of acceptance/rejection

* Poster/Demo Session is organized by JSBi
