for ISCB members

ISCB is pleased to offer conference fellowships, **including registration waivers for virtual participants**, to APJBC 2024 for students and postdoctoral fellows to present a talk or poster at the conference in Okinawa, Japan. Funding sources for Conference Fellowships are very limited and we regret that we are not able to fund all applicants. Conference Fellowship consideration is based on membership and accepted work to APBJC 2024 at a maximum funding level of \$500 USD.

CONFERENCE FELLOWSHIP APPLICATION OVERVIEW:

- The submitting author will be sent the invitation and is responsible for getting the invitation to the presenting author if the work is not being presented by the submitting author;
- Applicant ***must be a current member of ISCB prior*** to submitting an application. The membership must be valid through December 31, 2024;
- Applicant must be listed as an author and be the presenter of an accepted Oral or Poster presentation (excluding accepted Late Posters) in order to be eligible to apply for conference fellowship funds
- All applicants must attend all conference days and secure additional funding from other sources in order to be able to cover the full costs of attending the conference;
- The deadline to submit a fellowship application is July 31, 2024. No exceptions will be made.

for APBioNET members

We plan to award a small number of travel grants at a maximum amount of USD \$500 to help defer travel costs which otherwise the participant would need to pay for themselves (i.e. costs not covered by any other grant). Students and post-doctoral trainees with accepted oral presentations will be given priority, but students with accepted posters can also apply. Only one author of an accepted oral/poster will be eligible for a travel grant. All applicants must be a member in good standing of APBioNET.

The travel grant will be on a REIMBURSEMENT BASIS either in cash at the Conference or paid through PayPal (awardees to indicate their preference when notified). The travel grant is for part payment of travel expenses and cannot be adjusted against registration fees or any other expense incurred in attending the conference.

The selection criteria are:

- The quality of the applicant's abstract submission (as judged by the reviews).
- The academic performance of the applicant based on the CV submitted.
- The level of economic development of the country where the student lives.
- To apply, please provide the following info:

1. Legal name (for financial purposes) Optional: (Name and title by which you prefer to be addressed)
2. Status (student, postdoc) and Proof ID scanned as PDF or JPEG.
Note: Certification and/or proof of student or postdoc status must also be presented at the Conference to the Registration Desk for the reimbursement to take place.
3. Affiliation
4. Country
5. Brief statement about availability of other funding sources (quantum already awarded and/or being applied for)
6. Abstract submission ID and Title (in Text Format)
7. Your membership number in APBioNET
8. Proposed Budget of the Trip and how much requested and for what purpose (in text format)
9. Declaration of any previous travel grant awarded (in text format)
10. Also please provide us a brief CV with photograph and list of papers published in Word or PDF format.

Prepare a single PDF file of your application and CV for submission to EasyChair:

<https://easychair.org/conferences/?conf=apbjc2024>

Please name the PDF file as "APBJC2024TravelFellowship_X" before uploading, where X would be your LAST NAME.

All incomplete applications will not be processed.

Please note that travel the grant award is subject to acceptance of paper/poster for presentation at the conference.
